

Words to Read - Extension Wheel

Directions: Call on a student and ask him to spin the wheel. If it lands on the "Rhyming" section, have the student tell you what word that rhymes with a teacher-selected word from the "Words to Read" part of the lesson plan. If child answers correctly, he receives two points. The next student spins the wheel - it lands on "Noun, Verbs, Adjectives" section. Student will name all of the nouns or verbs or adjective in the first/second/third row/etc. of the "Words to Read" section - if correct, the child receives 4 points. Continue the game.
