

Alphabet Letter Naming and Fluency

Directions:

- 1) Copy these sheets on card stock and fold on the dotted lines.**
- 2) Work with the first strip. Show only the top part. Students read the letters.**
- 3) Teacher names the various letters, student points at letters. Teacher points to the letter(s) and student gives the name(s). Teacher asks before/after questions - ("What letter comes before "d?")**
- 4) Students read the letters on the first part a little faster. Then read again with increased speed.**
- 5) Show second part and have students read letters and then again with fluency.**
- 6) Show third part and have students read the letters and then again with fluency.**
- 7) Continue the process with the other strips.**
