

Phonological Awareness: Alternative Activities

by

Ronald Yoshimoto (2014)

Materials: **Phonological Card Deck (small)**

Phonological Card Deck (large)

Colored chips

Procedures: Show large or small card and say word (child repeats). These are cards will be used for the following activities.

A. Rhyming:

- 1. Show large card, say word, and class (child) repeats. Teacher asks for a rhyming word.**
- 2. Show two larger or smaller cards (both rhyme) and say the words - teacher notes that they rhyme. Child (class) repeats. Show another card and says word (child/class repeats). Teacher asks if this card rhymes with the other two.**
- 3. Show four or three smaller cards. Say the words and class repeats. Teacher asks which two cards rhyme.**
- 4. Matching game. Place rhyming cards on the table face down. Students are to find matching pairs that rhyme.**

B. Initial, medial and final sounds:

- 1. Teacher uses big or smaller cards. Teacher shows one card and says the word and class repeats. Teacher asks for the beginning sound.**
- 2. Teacher does the same activity but asks for medial sound and then final sound of the words.**
- 3. Teacher places two cards on the table. Teacher says words and class repeats. Teacher asks if the words begin with the same sound (beginning, medial, and final sound).**

4. Teacher places three cards on the table. Teacher says words and class repeats. Teacher asks which two cards begin with the same initial, medial and final sound.
5. Memory game. Same as rhyming memory game but they find cards that begin with the same sound (or medial or final).

C. Counting:

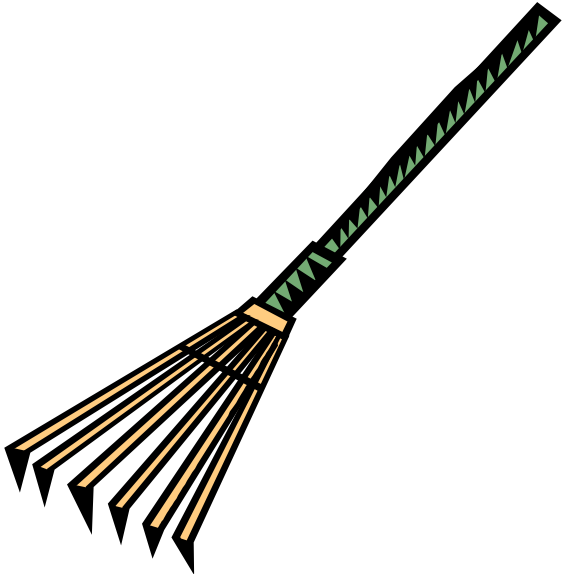

1. Show smaller or bigger card. Teachers says word and class repeats. Teachers asks for the number of sounds in the word. Students can use chips or fingers to count.

D. Blending:

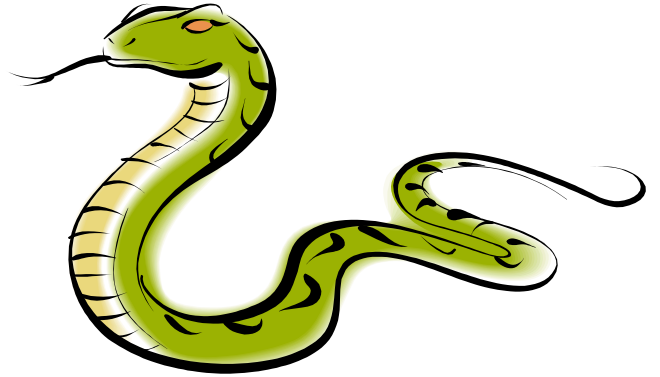

1. Teacher places two cards (and later three or four) cards on table or holds them in her hand for the class to see. Teachers says words and class repeats. Teacher then breaks up words into sounds and students tell which word the teacher deconstructed.

E. Segmentation:

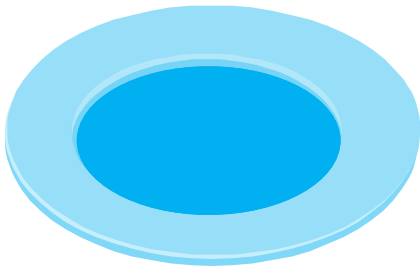

1. Teachers shows card and says word and class repeats. Students says the sounds of the words. Students may use chips or fingers to assist.
