

Phonological Awareness (Rhyming Cards)

Directions:

- 1. Copy the following on card stock and cut.**
- 2) Be aware of the card sets (keep the cards together by sets)**
- 3) The first 10 sets have four cards each.**
- 4) Teacher places all cards of one set on the board/table and tells the students what the words/pictures are.**
- 5) All of the words rhyme except one. Student point to the one that does not rhyme with the rest.**
- 6) Teacher can ask for other words that rhyme with the rhyming words on the table/board.**
- 7) Alternative: put one of the rhyming words on the board and place the other three below this word. Have the students pick the words that rhyme with the example and the one that does not.**
- 8) With the sets of two rhyming words, use one of the rhyming pair as the model. Pronounce. Then present two more pictures—one picture will be the other pair and the second picture which will not rhyme with the model. The child selects the word that rhymes with the model.**
- 9) Select 6 or more rhyming pairs. Lay them on the table face down—mix them up. Students will play a memory game by finding the matching pairs that rhymes.**
