

Magic-e Bingo

by

Ron Yoshimoto

Magic-e Bingo

Materials:

1. Bingo Sheets (template attached - xerox on cardboard stock)
2. Word Cards (template attached - xerox on cardboard stock and cut into pieces)
3. Vocabulary List: meanings of short vowel words (for teacher)

Procedure:

1. Can be used with groups of up to four children (more if the teacher makes additional sets of four bingo sheets with groups of word cards as needed).
2. Give children bingo sheets and sets of six random word cards
3. Teacher reads the meanings of the short vowel words. Children look for the word from among their cards that matches the meaning.
4. If they find a match, they read the short vowel word and place it on their bingo sheet in front of the "magic-e". They then read the "new" word with the magic-e.
5. When they get six words on their bingo sheet, they win the game.
