

Deaf Sports in Australia | Challenge and Enrichment | Term 4 2026 | 8 lessons of 50 minutes

Unit anchor: Eyes up. Watch. Copy. Same words in every I Do. 8 teaching lessons against 7 usable weeks, so two lessons share a week or the review runs once: that decision is still open. All evidence complete by week 7. Reports written week 9.

Lesson	Topic	Vocab	Learning intention and success criteria	Activities	Assessment and materials
1	Finding the signs you need	None new. Every example is a sport sentence, so the 12 sport signs are met in passing	LI Find which words in my sentence need a sign, and look them up. SC Underline the words that need a sign. Find one in Sign It! and give its page. Sign it to my partner, book closed.	Underline together, then find a page Race the index if there is time	Exit rotation, group 1, looking-up skill Sign It! per pair, boards, journals
2	Meeting a signer	DEAF, SPORT, FAVOURITE, TEAM, AGAIN plus the 12 sport signs, receptive	LI Open an exchange and ask one question about sport. SC Wave or tap and wait for eyes. Ask one person their sport, watch the whole answer. Tell the class one thing I found out.	Find your 3 sports in Sign It! 🎲 3 Mix and Mingle	Exit rotation, group 1 Cleared floor, timer, journals, boards
3	Who, what, where	WHO, WHAT, WHERE, WHAT MEAN?, PRACTISE	LI Ask who, what and where, and ask for an explanation. SC Ask one of the three profile questions. Ask all three and record the answers. Use WHAT MEAN? when a repeat would not help.	🎲 4 Find Your Team	Exit rotation, group 2 Team Role Cards, boards
4	When and how many	WHEN, HOW-MANY, YEAR, MEDAL, WIN	LI Ask when and how many, using years and numbers. SC Sign a number in our range. Ask when and how many, and read a year. Compare two medal totals.	🎲 2 Watch and Write 🎲 5 More or Less	Exit rotation, group 3 Boards, number range on display
5	Back then, and after	BEFORE, AFTER, PAST, THEN, HISTORY	LI Put events in order using before, after, back then and then. SC Put two events in the right order. Recount three events in order with time signs. Say which came first and how I know.	🎲 6 Order The Years	Exit rotation, group 4 Timeline Cards, boards
6	Lights, flags and what changed	START, LIGHT, FLAG, CHANGE, COMMUNITY	LI Explain how Deaf sport is set up to be seen, not heard. SC Name one thing shown with a light or a flag. Explain what problem it solved. Give one more designed-away barrier.	🎲 7 How Many Medals 🎲 3 Mix and Mingle	Exit rotation, groups 1 and 2 Medal Tally Sheets A and B, folders
7	The Deaf profile interview	COMPETE, PROUD, HAPPEN, FIRST, FINISH	LI Build a four-fact profile, run it as a recorded interview. SC Give two facts about a person on a card. Run a four-turn interview, voice off. Add one follow-up question of my own.	🎲 8 Which Card Is Mine 🎲 9 Two Minute Interview	PIECE 1, filmed, checklist ticked live Profile Cards, Prompt Card, Checklist, 5 devices
8	Showing the story	STORY, TELL, SOON, LATER, NEXT	LI Set the scene first, then join the events with time signs. SC Show where a story happens before I start. Retell a four-event story, scene first. Keep two people apart in my signing space.	🎲 10 Watch And Draw It	PIECE 2, receptive test in the exercise book Exit rotation, groups 3 and 4 Story Strip, paper, exercise books

Weeks 8 and 9. The review lesson, run twice, nothing new taught and no evidence collected. Learning intention: use everything from this term under time pressure. Week 8 runs games 1, 6 and 8 with the timeline and profile cards. Week 9 runs games 2, 5 and 7 with the medal tally sheets and boards. Points sheet on the board both weeks. A relief teacher runs it from the CRT Review Pack.

Differentiation, lesson by lesson

Lesson	 Support	 Extend
1	The word chosen for them, so the task is finding and signing only	Look up a second word and sign both in one go
2	Three-sport picture card on the desk, so the answer is a point plus a sign	Find a sport nobody else named, and say how you found that person
3	The three question words in English, face up, so the load is the sign not the sequence	Ask a fourth question of your own and explain why you chose it
4	Number line on the desk, so a guess is a point plus a sign	More or Less with years only, 1880 to 2026
5	The three cards face up in the correct order: reading, not recall	Recount three events and add what changed because of the middle one
6	Three picture prompts, a pool light, a flag and a scoreboard: choose and explain	A few extra seconds of explaining: find one place in this room where it would do the same job
7	Prompt card face up for the recording, marked supported on the checklist	Interview a partner in role as a person from a profile card
8	The story as four pictures, with the two swimmers already in different positions	Retell from the second swimmer's point of view
Review	Pair an unsure student with a secure one and let them answer as one	Play the round with the cards face down

Band calibration. Challenge asks two questions with the card visible, works to 50, and retells two events. Enrichment asks four unprompted plus a follow-up, works to 100, and retells all four.

8 lessons, 7 weeks. One week carries two lessons, or the review runs once. That decision is open.

If a lesson is lost. Move everything one week later and run the review once, in week 9. If two go, compress Lesson 6 into the back half of Lesson 5. Never compress Lessons 7 or 8.

Full hour available. Lesson 1 race the index. Lesson 2 Mix and Mingle again with a new question. Lesson 3 swap partners and run the three questions again. Lesson 4 the 1880 to 2026 range as a class round. Lesson 5 add timeline cards 9 and 10. Lesson 6 walk the classroom barrier hunt. Lesson 7 each pair watches their recording once. Lesson 8 pairs film the retell into their journal.
